The Software license fee listed in Exhibit B includes initial installation. Supplier shall install the Software in accordance with the installation schedule set forth in the applicable order or SOW. Supplier shall conduct its standard appropriate diagnostic evaluation at the Authorized User's user site to determine that the Software is properly installed and fully ready for productive use, and shall supply the Authorized User with a copy of the results of the diagnostic evaluation promptly after completion of installation.

Supplier agrees that failure to install the Software in accordance with the delivery schedule in the applicable order or SOW constitutes a material breach of this Contract resulting in damages to the Authorized User. As an estimate of the damages the affected Authorized User will suffer, Supplier agrees to credit an affected Authorized User an amount equal to **XX** percent (XX%) of the total license fee, for each day the Software is undelivered or delivered but non-operational for a period of 30 calendar days following the agreed upon delivery date. The Authorized User will commence Acceptance testing within five (5) calendar days after receipt of the Software, or within such other period as set forth in the applicable SOW or order. The Acceptance testing period for the first instance of each product type set forth in Exhibit B will last no longer than fifteen (15) calendar days, unless a longer period is agreed to in writing between Authorized User and Supplier. Supplier shall provide Authorized User with any assistance and advice the Authorized User may reasonably require. Failure of the Software to meet, in all material respects, the Requirements after the second set of Acceptance tests will constitute a breach by Supplier and the Authorized User may, at its sole discretion, terminate its order or SOW, in whole or in part, for the Software and Services to be provided by Supplier.

10. WARRANTY SERVICES

At any time during the Warranty Period of one (1) year after Acceptance, Supplier shall provide the following warranty services (including unlimited telephonic support and all necessary travel and labor) without additional charge to any Authorized User to maintain the Software in accordance with the Requirements. The level of severity (e.g., 1, 2, 3), shall be defined by such Authorized User.

E. Warranty Remedies

If the Software fails to conform in all material respects to the Requirements or the applicable order or SOW, Authorized User shall provide written notification of the failure to Supplier. If Supplier is unable to make the Software conform within 30 calendar days of receiving Authorized User's notice, Supplier shall cancel the license to the Software and accept return of the Software and Documentation at the Authorized User's request. Supplier shall return all monies paid by the affected Authorized User for the non-conforming Software and Documentation and any other related Service(s) rendered unusable.

Should Supplier or Software Publisher merge or splinter the Software previously provided to any Authorized User, such action on the part of Supplier or Software Publisher shall not in any way

result in any Authorized User being charged additional license or support fees in order to receive enhancements, releases, upgrade or support for the Software.

If Supplier or Software Publisher reduces or replaces functionality contained in a licensed Software product and provides the same or substantially similar functionality as or within a separate or renamed Software product, then the Commonwealth or the Authorized User shall be entitled to license such Software product at no additional license or maintenance fee, and subject to the terms and conditions herein.

If Supplier or Software Publisher releases an option, future Software product or other release that has substantially the same functionality as the Software products provided under this Contract, and Software Publisher and/or Supplier ceases to provide maintenance for the older Software product, then Supplier shall offer the Commonwealth or the Authorized User the option to exchange licenses for such replacement Software product or function at no additional charge.

Supplier's failure to respond to an RFQ may be deemed a breach of this Contract.
