- 1. Service SLA's – ESI provides SLA's for each of its services projects. These SLA's are incorporated within a Statement of Work (SOW) that both ESI and the end user sign off on. Thus, each SOW and SLA varies from customer to customer and project to project.**
- 2. Hardware SLA's – As a partner to its proposed manufacturers, we are often reliant upon each of the manufacturers for product delivery. Being at the highest level of both certification and sales with each of our proposed manufacturers, we have the ability to quickly escalate to resolve any possible delivery issues.**
