Authorized Users shall pay for any additional maintenance or licensing fees during any Transition Period at the hourly rate or at a fee agreed upon by Supplier and the applicable Authorized User. Supplier shall provide all reasonable transition assistance requested by the applicable Authorized User to allow for the expired or terminated portion of the Services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Services to Authorized User. The transition assistance will be deemed by the parties to be governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to transition assistance. Further, any Transition Period will not affect any Authorized User's rights in regards to any purchased Software perpetual licenses which are paid in full.

H. Contract Kick-Off Meeting

Within 30 calendar days of the Effective Date, Supplier may be required to attend a contract orientation meeting, along with the VITA contract manager/administrator, Authorized User project manager(s) or authorized representative(s), and any other significant stakeholders who have a part in the successful performance of this Contract. The purpose of this meeting will be to review all contractual obligations for both parties, all administrative and reporting requirements, and to discuss any other relationship, responsibility, communication and performance criteria set forth in the Contract.

I. Transition Out Plan

The Supplier will maintain the Transition Out Plan throughout the Term, and update the Transition Out Plan as needed and subject to Authorized User's approval.

J. Contract Closeout

Prior to the Contract's expiration date, Supplier may be provided contract closeout documentation by VITA. If contract closeout documentation is provided, then Supplier shall complete, sign, and return to VITA Supply Chain Management any required documentation within 30 calendar days of receipt to ensure completion of closeout administration and to maintain a positive performance reputation with the Commonwealth. Any required closeout documentation not received within 30 calendar days of Supplier's receipt of the Commonwealth's request will be documented in the contract file as Supplier non-compliance. I. Malicious Code

Supplier has used commercially reasonable efforts through quality assurance procedures to verify that there are no Computer Viruses or undocumented features in any of the Deliverables, as obligated and provided by Supplier under the order or SOW, at the time of delivery to the Authorized User. Supplier has used the best available means to scan any media provided to the Authorized User. Supplier warrants that the Deliverables, as obligated and provided by Supplier

The Parties shall document all Work Product specifications and these specifications will be set forth in Exhibit A and incorporated into this Contract. Supplier shall promptly and fully disclose to the Commonwealth or the Authorized User any and all Work Product generated, conceived, reduced to practice, or learned by Supplier or any Supplier Personnel, either solely or jointly with others, during the term or performance of this Contract, which in any way relates to the business of the Commonwealth, VITA, or any Authorized User. Supplier and Supplier Personnel shall not make use of, or disclose to others, any proprietary information relating to the Work Product, other than as is required in the performance of this Contract. All Services performed pursuant to this Contract will include delivery of all source and object code and all executables and documentation for all Work Product. B. Ownership

All Work Product discovered, created, or developed under this Contract, or in the course of executing an order or SOW issued pursuant to this Contract, is and will remain the sole property of the Authorized User, regardless of whether the Deliverable or Services are considered "works made for hire" or "hired to invent". Supplier agrees that the Authorized User will have all rights with respect to any Work Product discovered, created or developed under this Contract, or any order or SOW issued hereunder, without regard to the origin of the Work Product.

Supplier irrevocably transfers, grants, conveys, assigns and relinquishes exclusively to the Authorized User any and all right, title and interest it now has or may hereafter acquire in and to the Work Product under patent, copyright, trade secret and trademark law in perpetuity, or for the longest period otherwise permitted by law. Upon the reasonable request by Authorized User with respect to the Work Product, Supplier and any required Supplier Personnel

shall execute all documents necessary for use in applying for and obtaining patents, copyrights, and other rights and protection, and in protecting trade secrets with respect to the Work Product.

Supplier agrees that the provisions of this section will survive any termination of this Contract by VITA, or the termination of any order or SOW issued hereunder by an Authorized User. Supplier also agrees that in the event of a breach of this Contract by VITA or any Authorized User, Supplier's remedy will not include any right to rescind, revoke, or otherwise invalidate the provisions of this section. VITA acknowledges and agrees that Supplier shall have the right to retain for its files copies, subject to the provisions of Section 6.D below, of any Work Product (including any Deliverables) and all information necessary to comply with its contractual obligations and applicable professional standards.

Supplier acknowledges that in the case of an Authorized User which is a public body of the Commonwealth, all rights and remedies afforded that Authorized User under this section shall also be held and exercisable by the Commonwealth.

C. Pre-existing Work

If, and to the extent that, any pre-existing rights are embodied or reflected in the Work Product, Supplier grants to the Commonwealth or the Authorized User the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof; and (ii) authorize others to do any or all of the foregoing. Supplier will retain all ownership rights in any pre-existing works.

D. Return of Materials

Upon termination of this Contract or in the event Authorized User terminates any order or SOW issued pursuant to this Contract, Supplier shall immediately return to VITA or the appropriate Authorized User all copies, in whatever form, of any and all Confidential Information, Work Product and other properties provided by VITA or the Authorized User that are in Supplier's possession, custody, or control.

8. SERVICES

A. Nature of Services and Engagement

This Contract is optional use and non-exclusive; all Authorized Users may, at their sole discretion, receive benefits from third party suppliers of services similar to, or in competition with, Services provided by Supplier.

VITA, in its sole discretion, may cancel any order or SOW resulting in a commitment of any individual Supplier Personnel for more than 1,000 hours of work during any six (6) month period or of any such individual Supplier Personnel for more than eight (8) months in any twelve (12) month period. Any order or SOW cancelled by VITA will no longer be binding on either Party, and all obligations with respect to the cancelled order or SOW shall expire.

9. ACCEPTANCE AND CURE PERIOD

A. Licensed Services Commencement Date

The Supplier shall begin delivery of Licensed Services on the date requested by the Authorized User and agreed to by the Supplier in an order or SOW. An Authorized User may delay the Licensed Services commencement date by notifying the Supplier at least ten (10) days before the scheduled Licensed Services commencement date.

B. Licensed Services Acceptance Criteria

The Application shall be deemed accepted when the Authorized User reasonably determines that such Authorized User and its Application Users can successfully access and use all functionalities of the Application which Supplier is required to provide to such Users. Such Authorized User agrees to complete Acceptance testing within ten (10) business days after receiving written notice from Supplier of the ability of such Authorized User and its Application Users to access the Application, or within such other period as set forth in the applicable order or SOW. Supplier agrees to provide to such Authorized User such assistance and advice as such Authorized User may reasonably require, at no additional cost, during such Acceptance testing, other than pre-approved travel expenses incurred which will be reimbursable by such Authorized User at the then current per diem amounts set forth by the Virginia Department of Accounts and

published at: <http://www.doa.virginia.gov/> or a successor URL(s). Authorized Users who are not public bodies may have their own per diem amounts applicable to Supplier's pre-approved travel expenses. Authorized User shall provide to Supplier written notice of Acceptance upon completion of successful Acceptance testing. Should Authorized User fail to provide Supplier written notice of successful or unsuccessful Acceptance testing within five (5) business days following the Acceptance testing period, the Service shall be deemed Accepted.

C. Licensed Services Cure Period

If during the Acceptance test period, Authorized User is unable to access the licensed functionalities of the Application, Supplier shall provide Authorized User with such access, and such Authorized User's Application Users with their required access, within seven (7) days of written notice of inability to access, or as otherwise agreed between the Authorized User and Supplier in the applicable order or SOW. Should Supplier fail to provide access to the licensed functionalities of the Application, such Authorized User may, in its sole discretion: (i) reject the Application in its entirety and recover amounts previously paid hereunder; (ii) issue a "partial Acceptance" of the Application access with an equitable adjustment in the price to account for such deficiency; or (iii) conditionally accept the applicable Application access while reserving its right to revoke Acceptance if timely correction is not forthcoming.

If the Authorized User and its Application Users are unable to access the licensed functionalities of the Application after a second set of acceptance tests, Supplier shall be deemed in default of the order or SOW. In the event of such default, the Authorized User may, at its sole discretion, terminate its order or SOW, in whole or in part, for the Licensed Services to be provided thereunder by Supplier.

D. Services Acceptance Criteria

Service(s) will be deemed accepted when the Authorized User determines that the Service(s) meet(s) the Requirements set forth in the applicable order or SOW. Supplier shall ensure any individual Deliverable functions properly with any other Deliverables provided pursuant to the order or SOW. In the event that a previously Accepted Deliverable requires further modification in order to work properly with any other Deliverable, Supplier shall be responsible for all costs associated with the modification.

Authorized User shall commence Acceptance testing within five (5) business days after Receipt of the Service, or within such other period as set forth in the applicable order or SOW. Acceptance testing will last no longer than fifteen (15) business days, unless otherwise agreed to in writing between Authorized User and Supplier, for each Deliverable, or for the first instance of each Service type set forth in Exhibit B. Supplier shall provide the Authorized User any assistance and advice as the Authorized User may reasonably require, at no additional cost, during Acceptance testing. Authorized User shall provide Supplier written notice of Acceptance upon completion of installation and successful Acceptance testing. In the event that the Authorized User fails to provide Supplier written notice of successful or unsuccessful Acceptance testing within five (5) business days following the Acceptance testing period, the Service will be deemed Accepted.

E. Services Cure Period

Supplier shall correct any non-conformities identified during Acceptance testing and re-submit the non-conforming Service for re-testing within seven (7) calendar days of Supplier's receipt of written notice of non-conformance, unless otherwise agreed to between the Authorized User and Supplier in the applicable order or SOW. Should Supplier fail to cure the non-conformity or deliver a Service which meets the Requirements, the Authorized User may, in its sole discretion:

- i. reject the Service in its entirety, and any other Service(s) rendered unusable due to the non-conforming Service, and recover amounts previously paid to Supplier for all such Services;
- ii. issue a "partial Acceptance" of the Service with an equitable adjustment in the price to account for such deficiency; or
- iii. conditionally accept the applicable Service while reserving its right to revoke Acceptance if Supplier fails to make a timely correction.

Failure of a Service to meet, in all material respects, the Requirements after the second set of acceptance tests may constitute a breach by Supplier. In the event of such breach, the

Authorized User may, at its sole discretion, terminate its order or SOW, in whole or in part, for the Services to be provided by Supplier.

10. APPLICATION AND LICENSED SERVICES SUPPORT

At any time during the term of any order or SOW issued pursuant to this Contract, Supplier shall provide the following Application Services (including unlimited telephonic support and all necessary travel and labor) without additional charge to any Authorized User in order to ensure such Authorized User and its Application Users are able to access and use the Application in accordance with the Requirements.

A. Coverage

Supplier shall provide to any Authorized User all reasonably necessary telephone or written consultation requested by such Authorized User in connection with use, problems and operation of the Application on a basis of 24 hours per day, seven (7) days a week.

B. Service Levels

Please refer to Exhibit I for response times. Authorized User may describe the problem by telephone, electronic mail, or via a web site provided by Supplier. Supplier shall use its best efforts to meet Response Time and Resolution Time and other obligations under this Contract.

The level of severity (e.g., 1, 2, 3), will be assigned by Supplier.

C. Application Evolution

Should Supplier merge or splinter the Application previously provided to any Authorized User, such action on the part of Supplier shall not in any way result in any Authorized User being charged additional license or support fees in order to access the Application, to enable its Application Users to access the Application, or to receive enhancements, releases, upgrades or support for the Application.

11. SERVICE LEVELS AND REMEDIES FOR CLOUD SERVICES

A. Availability

The failure by Supplier to make the Licensed Services Available to Authorized User and its Application Users at least 99% of the time in any given month – excluding scheduled maintenance or excusable downtime – during the term of such Authorized User's order or SOW, will be deemed a service level default ("Service Level Default"). In the event of a Service Level Default, the Authorized User may obtain the non-exclusive remedies set forth in Exhibit I. For purposes of this Contract, "Available" means that Authorized User and its Application Users are able to access all features and functions of the Application and Licensed Services required by Authorized User, including but not limited to the Application and Supplier Product.

Supplier shall issue a credit to an Authorized User for any downtime or period where the Licensed Services are not Available ("Service Level Credit") during any given month of the term of the applicable order or SOW. Service Level Credits will be applied against the next invoice to the Authorized User. In the event Authorized User is eligible for a 100% Service Level Credit under this Section during any given month of the term of the applicable order or SOW, Authorized User may terminate the order or SOW without penalty upon written notice to Supplier and, in addition to the remedies available under this Section, receive any additional remedies set forth in the Contract. Such credit will not apply to downtime associated with scheduled maintenance windows or emergency fixes and updates.

In the event a Service Level Default occurs after VITA or an Authorized User has given notice of termination pursuant to the Term and Termination section of this Contract or due to non-appropriation of funds, or Authorized User has made final payment to Supplier for the Application and Licensed Services and no further invoices will issue as a result, Supplier shall refund to Authorized User the amount of the appropriate Service Level Credit due for the period of default.

B. Provisioning

An Authorized User may request an increase or decrease the scope (e.g. number of USERIDs) of Licensed Services ("revised usage"). Such revised usage may include incremental adds, access authorizations, moves or reductions, including disabled access updates, and shall be completed within one (1) business hour the Authorized User's written request to Supplier. Such written request includes email or submission to Supplier's provisioning website from an Authorized

User's designated Administrator. In the event that provisioning is not made available within one (1) business hour of the request, a credit for the incremental amount of the revision shall be applied against the next invoice for 1/30th of the corresponding pro-rated amount.

C. Cloud Reporting Requirements

(i) Monthly Reports:

By the 5th of each calendar month during the Contract Term, Supplier shall provide Authorized User with the following written monthly reports:

(a) Service Level Performance Report - a report that contains information with respect to the performance of the Application and Licensed Services. Such report, unless otherwise agreed upon by the parties, shall be in conformity with the reporting Supplier provides to its other customers utilizing an application and licensed services identical or similar to the Application and Licensed Services provided to Authorized User.

(b) System/Application Patching Compliance Report – a report that illustrates that the supplier has installed security relevant software and firmware updates within 30 days of the release of the updates.

(c) Scanning Reports (OS, Middleware, Applications and Interfaces) Report – a report that illustrates vulnerability scanning of Cloud Service Providers Operating Systems/infrastructure, databases and web applications

(d) Geographic Locations of Data Being Hosted Report – a report that illustrates the location of Commonwealth data

(ii) Quarterly Reports:

By the 5th day of the first month of a calendar quarter, during the Contract Term, Supplier shall provide Authorized User with the following written quarterly report

(a) Summary Report of Intrusion Detection Scans and Intrusion Prevention Scans – a report that demonstrates that supplier protects commonwealth data with intrusion monitoring tools from unauthorized access, modification and deletion.

Supplier shall submit a copy of each report to VITA at: enterpriseservices@vita.virginia.gov.

Representatives of Supplier and Authorized User, and VITA at its option, shall meet as often as may be reasonably requested by either party, but no less often than once each calendar quarter during the Contract Term, to review Supplier's performance of Licensed Services and the performance of the Application and to discuss technical plans, financial matters, system performance, service levels and any other matters related to the above required reports and to this Contract in general that may be reasonably requested by either Supplier or Authorized User or VITA. Supplier shall notify VITA of such meetings by email to:

enterpriseservices@vita.virginia.gov. Authorized User or VITA may independently audit the report at its expense no more than two (2) times annually.

D. Failure to Meet Service Level Commitments

In the event that such Application fails to meet the Service Levels specified herein, Supplier will:

(i) promptly replace the Application with an Application that conforms to this Contract and such specifications; (ii) repair the Application, at Supplier's expense, so that it conforms to this Contract and such specifications; or (iii) refund to Authorized User all fees paid for the Application and the Licensed Services after the failure of the Application to meet the Service Levels. In the event Supplier fails to comply with these remedies, Authorized User may exercise all available rights and remedies under law and equity.

E. Escalation Procedures

Please refer to Exhibit I.

12. CLOUD EXIT ASSISTANCE

Upon execution of an order or SOW pursuant to this Contract, Supplier and Authorized User will develop an exit plan ("Exit Plan") detailing each Party's respective tasks for the orderly transition and migration of all Content stored by Supplier pursuant to such order or SOW to Authorized User's archive and/or to a system or application maintained by Authorized User.

At a minimum, the Exit Plan must provide that within 30 days of the expiration or termination of this Contract for any reason, Supplier shall return to the Authorized User all Content in its possession and

stored by the Application on behalf of the Authorized User. Supplier shall return all such Content in a format accessible without the use of Supplier's Application. Supplier's failure to do so will constitute a material breach of this Contract and the Authorized User may exercise all available rights and remedies under law and equity, in addition to any remedies set forth in this Contract.

In addition, at Authorized User's option, Supplier shall continue to provide Licensed Services for up to six (6) months after the date of expiration or termination of an applicable order or SOW in order to facilitate Authorized User's transition to another service model or provider. Supplier shall also provide such reasonable assistance as may be requested by the Authorized User and agrees such assistance will not be unreasonably withheld. Supplier will perform such assistance at the hourly rate or for the fee agreed upon by Supplier and Authorized User. In the event of a termination for breach by Supplier, Supplier shall provide the transition assistance at no charge or fee to the affected Authorized User.

13. RECORDS AND AUDIT

In order to support charges invoiced to an Authorized User, Supplier shall maintain accurate records and other evidence pertaining to the costs and expenses for all Licensed Services performed or delivered under any order or SOW issued pursuant to this Contract. The records will be to the extent and in sufficient detail to properly reflect all direct and indirect costs associated with the applicable order or SOW. In addition, Supplier shall maintain accurate records of the Licensed Services including, but not limited to, the "Uptime" and "Downtime" as set forth in the Supplier Responsibilities Section of this Contract. An Authorized User will have the right, at any reasonable time during regular business hours after giving reasonable advance notice, to inspect and audit the records applicable to its order(s) or SOW(s). Supplier shall preserve such records for three (3) years after termination or completion of the Licensed Services agreed to under this Contract, or any order or SOW issued hereunder.

14. DESCRIPTION OF LICENSED SERVICES

During the term of any order or SOW issued pursuant to this Contract, Supplier hereby agrees to host the Application(s) listed and described in Exhibit A and specified in such order or SOW by the ordering Authorized User on servers owned, operated, housed, and maintained by Supplier, or by Microsoft Azure which is providing hosting services to Supplier for the Application(s), and shall make such Application(s) available to Authorized User's designated Application Users through the Internet. Supplier has acquired any and all license rights in the Application(s) necessary and appropriate for Supplier to provide the Licensed Services as listed and described in Exhibit A for all Authorized Users. If Supplier is using a third-party provider to host its Application, then in the event that Supplier elects to change hosting providers at any point during the Contract Term, Supplier shall notify VITA and provide an updated security assessment of the new hosting environment no less than 60 days prior to such change.

Supplier hereby grants each ordering Authorized User and its Application Users a non-exclusive, transferable (within the Commonwealth of Virginia), worldwide license to access and use by any method the Application during the term of the applicable order or SOW issued pursuant to this Contract. The license fee for hosting and license terms shall be as set forth in Exhibit B, and shall apply regardless of access mode.
