Supplier's remedy for a breach is limited to the remedies set forth in Code § 2.2-4363 and the "Remedies" section of this Contract below.

G. Transition of Services

At the request of an Authorized User prior to or upon expiration or termination of this Contract, Supplier shall provide all assistance as the Authorized User may reasonably require to transition the Supplier's contractual obligations, or any portion thereof, to any other supplier with whom the Authorized User contracts for provision of same. This Transition Period obligation may extend beyond expiration or termination of the Contract for a period of 6 (six) months or as agreed upon in any order or SOW issued hereunder. If this Contract includes Supplier's provision of licensed products, Supplier shall take no action to restrict or terminate the use of such licensed products after the date of expiration or termination of the Contract or during any Transition Period, or both. Authorized Users shall pay for any additional maintenance or licensing fees during any Transition Period at the hourly rate or at a fee agreed upon by Supplier and the applicable Authorized User. Supplier shall provide all reasonable transition assistance requested by the applicable Authorized User to allow for the expired or terminated portion of the Services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Services to Authorized User. The

transition assistance will be deemed by the parties to be governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to transition assistance. Further, any Transition Period will not affect any Authorized User's rights in regards to any purchased Software perpetual licenses which are paid in full.

H. Contract Kick-Off Meeting

Within 30 calendar days of the Effective Date, Supplier may be required to attend a contract orientation meeting, along with the VITA contract manager/administrator, Authorized User project manager(s) or authorized representative(s), and any other significant stakeholders who have a part in the successful performance of this Contract. The purpose of this meeting will be to review all contractual obligations for both parties, all administrative and reporting requirements, and to discuss any other relationship, responsibility, communication and performance criteria set forth in the Contract. Supplier may attend such meeting virtually in its sole discretion.

I. Transition Out Plan

Within three (3) months of the Effective Date, Supplier will develop and distribute to the applicable Authorized User a Transition Out Plan. The Supplier will maintain the Transition Out Plan throughout the Contract Term, and update the Transition Out Plan as needed and subject to Authorized User's approval.

J. Contract Closeout

Prior to the Contract's expiration date, Supplier may be provided contract closeout documentation by VITA. If contract closeout documentation is provided, then Supplier shall complete, sign, and return to VITA Supply Chain Management any required documentation within 30 calendar days of receipt to ensure completion of closeout administration and to maintain a positive performance reputation with the Commonwealth. Any required closeout documentation not received within 30 calendar days of Supplier's receipt of the Commonwealth's request will be documented in the contract file as Supplier non-compliance. Supplier's non-compliance may affect any pending payments due to the Supplier, including final payment, until the documentation is returned to VITA.

4. SUPPLIER PERSONNEL

A. Selection and Management of Supplier Personnel

Supplier shall ensure that all Supplier Personnel performing under this Contract are competent and knowledgeable of the contractual arrangements and the applicable order or SOW between Authorized User and Supplier. Additionally, Supplier shall ensure that Supplier Personnel comply with the appropriate Authorized User's site security, information security and personnel conduct rules, as well as applicable federal, state and local laws, including export regulations. Authorized User reserves the right to require the immediate removal from such Authorized User's premises of any Supplier Personnel whom such Authorized User believes has failed to comply with the above or whose conduct or behavior is unacceptable or unprofessional or results in a security or safety breach.

B. Key Personnel

An order or SOW may designate certain of Supplier's personnel as "Key Personnel" or "Project Managers". Supplier's obligations with respect to Key Personnel and Project Managers will be described in the applicable order or SOW. Any changes to Key Personnel must be mutually agreed to in writing by Supplier and Authorized User. Failure of Supplier to perform in accordance with such obligations may be deemed a breach of this Contract or of the applicable order or SOW.

C. Subcontractors

Supplier shall not use Subcontractors to perform its contractual obligations or any order or SOW issued pursuant to the Contract unless specifically authorized in writing to do so by the Authorized User. Supplier may utilize individual human translators as subcontractors but must ensure that these individuals comply with all terms and conditions set forth in this agreement. All

support and maintenance staff and subcontractors shall be based in the US and be US Citizens or H1B visa holders. For larger scale subcontractors (such as cloud service providers or other solution providers) only with explicit written authorization from the Authorized User, which must be obtained prior to the execution of the order or SOW. If an order or SOW issued pursuant to this Contract is supported in whole or in part with federal funds, Supplier may not subcontract to any Subcontractor that is a party excluded from Federal Procurement and Nonprocurement Programs. In no event may Supplier subcontract to any Subcontractor that is debarred by the Commonwealth or that owes back taxes to the Commonwealth and has not made arrangements with the Commonwealth for payment of such back taxes.

If Supplier subcontracts the provision of any performance obligation under this Contract to any other party, Supplier shall (i) act as prime contractor and will be the sole point of contact with regard to all obligations under this Contract; and (ii) represent and warrant that any authorized Subcontractors shall perform in accordance with the terms and conditions, including warranties, set forth in this Contract.

B. New Services Offerings Not Available from Supplier

If new or replacement product or service offerings become available and cannot be competitively provided by the Supplier under the scope of this Contract, VITA will have the right to purchase the new or replacement products or services from a third party. If VITA elects to use such new or replacement product or service offerings, Supplier will reasonably assist VITA to migrate to such products or services, provided that such assistance is within the scope of services under this Contract and does not require Supplier to provide additional resources or incur additional costs not contemplated by this Contract.

If VITA elects to acquire new products or services as described in the paragraph above and such services replace existing Supplier-provided services, discount tiers and any commitments (as applicable per the Contract) will be reduced to reflect reductions in purchases of the replaced products or services.

6. GENERAL WARRANTY

THE OBLIGATIONS OF SUPPLIER UNDER THIS GENERAL WARRANTY SECTION ARE MATERIAL. SUPPLIER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, ANY CONCERNING MERCHANTABILITY OR FITNESS FOR ANY OTHER PARTICULAR PURPOSE.

Supplier warrants and represents to VITA that Supplier will fulfill its contractual obligations and meet all Requirements as described in Exhibit A. Supplier warrants and represents to VITA that:

- ii. All Deliverables provided or delivered pursuant to this Contract are at the current release level unless an Authorized User specifies an older version in its order or SOW.
- iii. No Update, engineering change, or revision made to any Supplier-provided Deliverables will (a) degrade the performance of any Deliverable or its components to a level below that defined in the Requirements or the Product manufacturer's or Software Publisher's published specifications, as applicable; (b) cause any other warranty to be breached; or (c) require an Authorized User to acquire additional hardware equipment or software.

E. Interoperability Warranty

Supplier also warrants that such Application and Licensed Services are compatible with and will operate successfully when used on the equipment in accordance with the Documentation and all of the terms and conditions hereof.

iv. The Application provided hereunder is at the current release level unless an Authorized User specifies an older version in its order or SOW;

vi. Supplier warrants that all post-Acceptance Updates, changes, alterations or modifications to the Application, Licensed Services and Documentation by Supplier will be compatible with, and will not materially diminish the features or functionality of the Application, Licensed Services and/or Supplier Product when used on the equipment in accordance with the Documentation and all of the terms and conditions hereof.

Supplier warrants Supplier has used commercially reasonable efforts through quality assurance procedures to verify that the Application and Licensed Services do not contain disabling code or any program device or other undisclosed feature, including but not limited to, viruses, worms, trojan horses, or other code which is designed to permit unauthorized access, delete, disable, deactivate, interfere with or otherwise harm the Application, Licensed Services or the hardware or software of any Authorized User or its Application Users. In addition, Supplier warrants that Authorized User and its Application Users will be provided commercially reasonable uninterrupted access to the Application. I. Operating System and Software Supportability

Supplier warrants that Supplier and its employees, subcontractors, partners and third-party providers have taken all necessary and reasonable measures to ensure that the Application, Licensed Services, Supplier Product, and any deliverables do not have dependencies on other operating systems or software that are no longer supported by Supplier, or its Subcontractors, partners and third-party providers.

J. Malicious Code

Supplier has used commercially reasonable efforts through quality assurance procedures to verify that there are no Computer Viruses or undocumented features in any of the Deliverables, as obligated and provided by Supplier under the order or SOW, at the time of delivery to the Authorized User. Supplier has used the best available means to scan any media provided to the Authorized User. Supplier warrants that the Deliverables, as obligated and provided by Supplier under the order or SOW, do not contain any embedded device or code (e.g., time bomb) that is intended to obstruct or prevent any Authorized User's use of the Deliverables.

Notwithstanding any rights granted under this Contract or at law, Supplier waives, under any and all circumstances, any right it has or may have in the future to exercise its license termination rights by electronic means. Further, Supplier is not prohibited by any contract, or order by any court of competent jurisdiction from entering into this Contract.

L. Supplier's Past Experience

Supplier has met similar contractual obligations and fulfilled the Requirements as set forth in Exhibit A and in this Contract, in similar or greater complexity, to other customers without significant problems due to Supplier's performance and without causing a contractual breach or default claim by any customer.

7. RIGHTS TO WORK PRODUCT

Any license to pre-existing work will be held, and all rights in, title to, and ownership of Work Product will vest, pursuant to the terms of the "Licensing Within the Commonwealth" section of this Contract below.

A. Work Product

VITA and Supplier mutually acknowledge that performance of this Contract may result in Work Product. The Parties shall document all Work Product specifications and these specifications will be set forth in Exhibit A and incorporated into this Contract. Supplier shall promptly and fully disclose to the Commonwealth or the Authorized User any and all Work Product generated, conceived, reduced to practice, or learned by Supplier or any Supplier Personnel, either solely or jointly with others, during the term or performance of this Contract, which in any way relates to the business of the Commonwealth, VITA, or any Authorized User. Supplier and Supplier Personnel shall not make use of, or disclose to others, any proprietary information relating to the Work Product, other than as is required in the performance of this Contract. All Services performed pursuant to this Contract will include delivery of all source and object code and all executables and documentation for all Work Product. At no time may Supplier deny VITA or an Authorized User access to the Work Product, regardless of form.

B. Ownership

All Work Product discovered, created, or developed under this Contract, or in the course of executing an order or SOW issued pursuant to this Contract, is and will remain the sole property of the Authorized User, regardless of whether the Deliverable or Services are considered "works made for hire" or "hired to invent". Supplier agrees that the Authorized User will have all rights with respect to any Work Product discovered, created or developed under this Contract, or any order or SOW issued hereunder, without regard to the origin of the Work Product.

Supplier irrevocably transfers, grants, conveys, assigns and relinquishes exclusively to the Authorized User any and all right, title and interest it now has or may hereafter acquire in and to the Work Product under patent, copyright, trade secret and trademark law in perpetuity, or for the longest period otherwise permitted by law. If any moral rights are created, Supplier expressly waives all moral rights created in the Work Product. Supplier shall assist the Authorized User in every reasonable way to obtain and, from time to time, enforce patents, copyrights, trade secrets and other rights and protection relating to the Work Product. Upon the reasonable request by Authorized User with respect to the Work Product, Supplier and any required Supplier Personnel shall execute all documents necessary for use in applying for and obtaining patents, copyrights, and other rights and protection, and in protecting trade secrets with respect to the Work Product.

Supplier agrees that the provisions of this section will survive any termination of this Contract by VITA, or the termination of any order or SOW issued hereunder by an Authorized User. Supplier also agrees that in the event of a breach of this Contract by VITA or any Authorized User, Supplier's remedy will not include any right to rescind, revoke, or otherwise invalidate the provisions of this section.

Supplier acknowledges that in the case of an Authorized User which is a public body of the Commonwealth, all rights and remedies afforded that Authorized User under this section shall also be held and exercisable by the Commonwealth.

C. Pre-existing Work

If, and to the extent that, any pre-existing rights are embodied or reflected in the Work Product, Supplier grants to the Commonwealth or the Authorized User the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof; and (ii) authorize others to do any or all of the foregoing. Supplier will retain all ownership rights in any pre-existing works.

D. Return of Materials

Upon termination of this Contract or in the event Authorized User terminates any order or SOW issued pursuant to this Contract, Supplier shall immediately return to VITA or the appropriate Authorized User all copies, in whatever form, of any and all Confidential Information, Work Product and other properties provided by VITA or the Authorized User that are in Supplier's possession, custody, or control.

8. PRODUCT SCOPE OF USE

Any Authorized User may use the Product, and any Software licensed in connection with the Product, on a worldwide basis for the benefit of itself and its agents. Supplier further authorizes use of the Product by third parties who are under contract with an Authorized User to provide outsourcing services. If the Commonwealth or an Authorized User takes title under the terms of this Contract to any Products with System Software that is integral to the Products, there will be no restrictions on subsequent resale or distribution of the Products and System Software by the Commonwealth or the Authorized User.

9. SMARTLING SOFTWARE LICENSE

As part of its offerings pursuant to this Contract, Supplier's SaaS solution contains products that were developed by and licensed from Smartling, a third-party software publisher. The use of Smartling's products is governed by an End-User License Agreement ("EULA") provided by Smartling, the form of which is attached hereto as Exhibit F-2 for reference purposes. As the EULA may contain terms and conditions that Authorized Users, as governmental entities, cannot accept, and for the convenience of using Smartling's standard EULA language, the EULA will be subject to the License Agreement Addendum ("LAA"), the form of which is attached hereto as Exhibit F-1 for reference purposes. The EULA, along with the LAA executed by VITA and Smartling and acknowledged by the Supplier, will be added to the order or SOW for that purchase and govern the use of any and all Smartling products or software licensed under the Contract, but will not become a part of this Contract, whether or not specifically referenced in the order document.

10. SERVICES

A. Nature of Services and Engagement

This Contract is optional use and non-exclusive, all Authorized Users may, at their sole discretion, receive benefits from third party suppliers of services similar to, or in competition with, Services provided by Supplier.

VITA, in its sole discretion, may cancel any order or SOW resulting in a commitment of any individual Supplier Personnel for more than 1,000 hours of work during any six (6) month period or of any such individual Supplier Personnel for more than eight (8) months in any twelve (12) month period. Any order or SOW cancelled by VITA will no longer be binding on either Party, and all obligations with respect to the cancelled order or SOW shall expire.

11. DELIVERY AND INSTALLATION

A. Scheduling of Solution Delivery

Supplier shall deliver the Solution, including any Component parts, and complete performance of Services according to the delivery dates set forth on the appropriate order or SOW.

Supplier shall make available all appropriate and/or related Documentation at the time of delivery of the relevant Component of the Solution. Any Solution Component delivered without the appropriate and required Documentation will be considered "shipped short" until the applicable documentation has been received.

B. Deployment of Solution

1. Supplier Deployment of Solution

The Solution fee listed in Exhibit B includes initial deployment of the complete Solution. Supplier shall deploy the Solution in accordance with the deployment schedule set forth on the applicable order or SOW. Deployment will include the installation of any Software Component and, if agreed, any Product or hardware Component, of the Solution. Supplier shall conduct its standard appropriate diagnostic evaluation at the Authorized User's user site to determine that the Solution is properly deployed and fully ready for productive use, and will provide the Authorized User with a copy of the results of the diagnostic evaluation promptly after completion of deployment.

Supplier agrees that failure to deploy the Solution in accordance with the delivery schedule in the applicable order or SOW constitutes a material breach of this Contract resulting in damages to the Authorized User. As an estimate of the damages the affected Authorized User will suffer, Supplier agrees to credit such Authorized User an amount equal to three percent (3%) of the total Solution fee, for each day after the scheduled deployment date that the Solution has not been deployed for a period of 30 calendar days following the agreed upon delivery date. If the delay lasts longer than 30 calendar days, the affected Authorized User may immediately cancel the order or SOW and collect damages for each day of that period of late delivery. The affected Authorized User may also pursue any and all other remedies available at law or in equity for delays lasting longer than 30 calendar days or for non-deployment.

2. Authorized User Installation of Software

For a Solution that includes Software that Authorized User elects to install itself, the Software will be deemed to be installed when all Acceptance criteria as specified in the Authorized User's order or SOW have been met. Upon completion of installation and successful Acceptance testing, Authorized User shall provide to Supplier written notice of Acceptance. Supplier shall proceed with full deployment of the Solution concurrently with or after Authorized User's installation of the Software, as agreed between the Authorized User and Supplier in the order or SOW.

C. Documentation of Software Configuration

If the Solution includes configuration of Software by Supplier, Supplier shall provide Documentation containing a description of the configuration to the appropriate Authorized User. The Documentation must be of sufficient detail so that any appropriately trained employee or Agent of any Authorized User may reconstruct the configuration of the Software.

D. Product Delivery Procedure

Supplier shall deliver all Products F.O.B. destination, with the destination being the "ship to" address specified in the applicable order or SOW. If the order or SOW stipulates that the Supplier will provide installation of the Product, Supplier will bear all risk of loss of or damage to the Product until Receipt/Acceptance by the Authorized User. If the order or SOW stipulates that the Supplier will not provide installation of the Product, Supplier will bear all risk of loss or damage to the Product until Receipt. In all cases, Supplier shall arrange and pay for all transportation and insurance sufficient to fully protect the Product while in transit. Each shipment must include a packing slip indicating this Contract number, the Authorized User's order number, the SOW number, if applicable, the part number, a description of the Product shipped and the quantity shipped. Each package in any shipment must (i) be numbered; (ii) have a description stenciled on the outside indicating the quantity of Product contained by part number and description; and (iii) must conspicuously display the number of the package in that shipment which contains the packing slip. If required by the Authorized User, Supplier shall bar code all packages shipped. If any loss to, or damage of, the Product occurs prior to Acceptance by the Authorized User, Supplier shall immediately provide a replacement item. Title to Product, excluding System Software, will pass upon Acceptance.

Supplier will make available all appropriate and required Documentation at the time of delivery of the first unit of each different Product type. Product delivered without the appropriate and required Documentation will be considered "shipped short" until the applicable documentation has been received.

E. Late Delivery of Product

Supplier acknowledges and agrees that failure to deliver the Product ordered in strict accordance with the agreed upon delivery schedule as set forth in this Section will constitute a material

breach of this Contract resulting in damages to the ordering Authorized User, the total sum of which would be impracticable or impossible to ascertain as of the Effective Date of this Contract. As an estimate of the minimum amount of damages such Authorized User will suffer, Supplier agrees to credit the Authorized User an amount equal to ten percent (10%) of the total purchase price for each day that the Product is undelivered or nonoperational for a period of fifteen (15) calendar days following the agreed upon delivery date, or if none specified, following the date order or SOW was received by Supplier. If the delay lasts longer than fifteen (15) calendar days, the Authorized User may immediately cancel the order or SOW and collect as late delivery damages ten percent (10%) of the total purchase price. Any credit due the Authorized User will be applied to the next periodic invoice.

In addition, in the event the Supplier fails for any reason to deliver the Product within thirty (30) calendar days of the agreed upon delivery date set forth in the order/schedule, or if no date was specified, following the date the order or SOW was received by Supplier, then the ordering Authorized User, at its own discretion, may give Supplier oral or written notice of breach regarding the subject order or SOW. Once notice by the Authorized User is sent or given, the Authorized User may immediately procure the undelivered items, or substantially similar items, from another source. Once the Authorized User has effected a purchase from an alternate source, the Authorized User may charge-back Supplier. Supplier agrees to reimburse the Authorized User for any difference in cost between the original contract price and the Authorized User's cost to cover from the alternate source. In no event will any Authorized User be held to pay Supplier any costs incurred by Supplier, including but not limited to ordering, marketing, manufacturing, or delivering the item(s), which are subject of such Authorized User's notice of breach. Further, the Authorized User reserves any and all other remedies available at law or in equity.

F. Product Installation

Unless otherwise agreed, Supplier shall provide the initial installation of all Product at no additional charge. Installation will include: unpacking, removal of all shipping/packing materials, positioning, connecting to internal utility services, testing, and related necessary services to allow for Acceptance by the Authorized User.

All Product installations shall comply with building and facilities standards established by the ordering Authorized User. If Authorized User installs the Product, Supplier shall provide all reasonably necessary telephone assistance at no charge.

12. ACCEPTANCE AND CURE PERIOD

A. Deliverable Acceptance Criteria

Deliverables are deemed accepted when the Authorized User determines that the Deliverables successfully operate in accordance with the Requirements and applicable order or SOW. Acceptance of the Deliverables, and for the Solution as a whole, requires delivery to the Authorized User of all of functionality listed in the Requirements as set forth in Exhibit A and required by the Authorized User in the applicable order or SOW. Supplier shall be responsible for ensuring that all Deliverables function properly within the Solution. Acceptance of any one Deliverable will not imply Authorized User's concurrence that the Deliverable will function properly with or within the Solution. In the event that a previously Accepted Deliverable requires further modification in order to work properly with or within the Solution, Supplier shall provide the modification and cover all associated costs.

Authorized User shall commence Acceptance testing within five (5) business days, or within the agreed to period set forth in the applicable order or SOW, after (i) receipt of the Deliverable or (ii) being granted access to the Solution. The Acceptance testing period for the first instance of each Product type set forth in Exhibit B will last no longer than fifteen (15) business days unless a longer period is agreed to in writing between Authorized User and Supplier. Throughout the Acceptance testing period, Supplier shall provide to the Authorized User any assistance and advice as the Authorized User may reasonably require. Supplier shall provide this assistance and advice at no additional cost, other than pre-approved travel expenses incurred which are reimbursable by the Authorized User pursuant to the terms and conditions of the "Reimbursement of Expenses" section of this Contract below. Authorized User shall provide to Supplier written notice of Acceptance upon completion of successful Acceptance testing. In the event that Authorized User fails to provide Supplier written notice of successful or unsuccessful Acceptance

testing within ten (10) business days following the end of the Acceptance testing period, the Supplier shall provide Authorized User with written notice that Supplier has not received a notice of successful or unsuccessful Acceptance testing from the Authorized User. If the Authorized User fails to provide Supplier with written notice of successful or unsuccessful Acceptance testing within five (5) business days after receiving such notice from Supplier, the Software or Deliverable will be deemed Accepted.

B. Solution Acceptance Criteria

The Solution will be deemed accepted when the Authorized User determines that the Solution successfully operates in accordance with the Requirements and, if applicable, successful completion of Acceptance testing. Authorized User shall commence Acceptance testing within five (5) business days after deployment of the Solution. The Acceptance testing period will be completed within fifteen (15) business days after deployment of the Solution, or such longer period as may be agreed to in writing between Authorized User and Supplier. Supplier shall provide Authorized User with any assistance and advice the Authorized User may reasonably require during the Acceptance testing. Throughout the Acceptance testing period, Supplier shall provide to the Authorized User any assistance and advice as the Authorized User may reasonably require. Supplier shall provide this assistance and advice at no additional cost, other than pre-approved travel expenses incurred which are reimbursable by the Authorized User pursuant to the terms and conditions of the "Reimbursement of Expenses" section of this Contract below. Authorized User shall provide to Supplier written notice of Acceptance upon completion of successful Acceptance testing. In the event that Authorized User fails to provide Supplier written notice of successful or unsuccessful Acceptance testing within ten (10) business days following the end of the Acceptance testing period, the Supplier shall provide Authorized User with written notice that Supplier has not received a notice of successful or unsuccessful Acceptance testing from the Authorized User. If the Authorized User fails to provide Supplier with written notice of successful or unsuccessful Acceptance testing within five (5) business days after receiving such notice from Supplier, the Solution will be deemed Accepted.

C. Deliverable Cure Period

Supplier shall correct any non-conformities identified during Acceptance testing and re-submit the corrected Deliverable for re-testing within seven (7) calendar days of receipt of the appropriate Authorized User's written notice of non-conformance, or as otherwise agreed between the Authorized User and Supplier in the applicable order or SOW. In the event Supplier fails to cure the non-conformity or deliver Deliverable that meets the Requirements, the Authorized User may, by taking one of the following actions within thirty (30) calendar days of receipt of the re-submitted solution, in its sole discretion: (i) reject the Deliverable in its entirety and recover amounts previously paid to Supplier; (ii) issue a "partial Acceptance" of the Deliverable with an equitable adjustment in the price to account for any deficiency; or (iii) conditionally accept the applicable Deliverable while reserving its right to revoke Acceptance if timely correction is not forthcoming. Failure of the Deliverable to meet, in all material respects, the Requirements after the second set of Acceptance tests will constitute a breach by Supplier, and the Authorized User may, at its sole discretion, terminate its order or SOW, in whole or in part, for the Solution to be provided by Supplier.

D. Solution Cure Period

Supplier shall correct any non-conformities identified during Acceptance testing and re-submit the corrected Solution or Component products or Services for re-testing within 15 business days of receipt of written notice of non-conformance to Supplier, or as otherwise agreed between the Authorized User and Supplier. In the event that Supplier fails to deliver a Solution which meets the Requirements, the Authorized User may, by taking one of the following actions within thirty (30) calendar days of receipt of the re-submitted solution, in its sole discretion: (i) reject the Solution in its entirety and recover amounts previously paid to the Supplier; (ii) issue a "partial Acceptance" of the Solution with an equitable adjustment in the price to account for such deficiency; or (iii) conditionally accept the applicable Solution while reserving its right to revoke Acceptance if timely correction is not forthcoming. Failure of the Solution to meet, in all material respects, the specifications and performance standards after the second set of acceptance tests will constitute a breach by Supplier, and the Authorized User may, at its sole discretion, terminate its order or SOW, in whole or in part, for the Solution to be provided by Supplier.

E. Licensed Services Commencement Date

The Supplier shall begin delivery of Licensed Services on the date requested by the Authorized User and agreed to by the Supplier in an order or SOW. An Authorized User may delay the Licensed Services commencement date by notifying the Supplier at least ten (10) days before the scheduled Licensed Services commencement date.

F. Licensed Services Acceptance Criteria

Authorized User shall commence Acceptance testing within five (5) business days after receiving written notice from Supplier of the ability of such Authorized User and its Application Users to access the Application, or within such other period as set forth in the applicable order or SOW. Throughout the Acceptance testing period, Supplier shall provide to such Authorized User any assistance and advice as such Authorized User may reasonably require. Supplier shall provide this assistance at no additional cost, other than pre-approved travel expenses incurred which will be reimbursable by such Authorized User pursuant to the terms and conditions of the "Reimbursement of Expenses" section of this Contract below. Authorized User shall provide to Supplier written notice of Acceptance upon completion of successful Acceptance testing. For purposes of this Contract, "Available" means that Authorized User and its Application Users are able to access all features and functions of the Application and Licensed Services required by Authorized User, including but not limited to the Application and Supplier Product.

Supplier shall issue a credit to an Authorized User for any downtime or period where the Licensed Services are not Available ("Service Level Credit") during any given month of the term of the applicable order or SOW. Supplier shall return all such Content in a format accessible without the use of Supplier's Application. Supplier's failure to do so will constitute a material breach of this Contract and the Authorized User may exercise all available rights and remedies under law and equity, in addition to any remedies set forth in this Contract.

In addition, at Authorized User's option, Supplier shall continue to provide Licensed Services for up to six (6) months after the date of expiration or termination of an applicable order or SOW in order to facilitate Authorized User's transition to another service model or provider upon terms mutually agreed to by the Authorized User and the Supplier. An Authorized User may, however, disclose the Confidential Information as delivered by Supplier to subcontractors, contractors, or agents of the Authorized User that are bound by non-disclosure agreements with the Authorized User. Each Party shall take the same measures to protect against the disclosure or misuse of the Confidential Information as it takes to protect its own proprietary or confidential information, but in no event will such measures be less than reasonable care.

- i. promptly return all tangible Confidential Information (and all copies thereof except the record required by law) to the disclosing Authorized User; or
- ii. destroy any Confidential Information in Supplier's possession or control, and provide the disclosing Authorized User with written certification of the destruction.

Additionally, Supplier shall cease all further use of the Authorized User's Confidential Information, whether in tangible or intangible form.

The Authorized User shall retain and dispose of Supplier's Confidential Information in accordance with the Commonwealth's records retention policies or, if Authorized User is not subject to the Commonwealth's policies, in accordance with the Authorized User's own records retention policies.

C. Confidentiality Statement

Supplier shall ensure that All Supplier Personnel performing Services pursuant to this Contract have signed a confidentiality statement or non-disclosure agreement obligating such Supplier Personnel to maintain the confidentiality of all Commonwealth Confidential Information. Any violation of the statement or agreement will be deemed a breach of this Contract and may result in termination of the Contract or any order or SOW issued hereunder.

D. Health Insurance Portability and Accountability Act

Supplier shall comply with all provisions of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") that are applicable to the performance of this Contract or to any order or SOW issued pursuant to this Contract. Supplier shall:

- i. not use or further disclose Protected Health Information ("PHI") other than as permitted or required by the terms of this Contract or any order or SOW issued hereunder or as required by law;
- ii. use appropriate safeguards to prevent use or disclosure of PHI other than as permitted by this Contract or any order or SOW issued hereunder;
- iii. report to VITA or Authorized User, as applicable, any use or disclosure of PHI not provided for by this Contract or the applicable order or SOW;
- iv. mitigate any harmful effect that is known to the Supplier of a use or disclosure of PHI by the Supplier or Supplier Personnel in violation of the requirements of this Contract or the applicable order or SOW;

E. Freedom of Information Act Acknowledgement

All Supplier documents now or later comprising the Contract may be released in their entirety under the Virginia Freedom of Information Act, and Supplier agrees that any confidentiality or similar stamps or legends that are attached to any future documents or information may be

ignored to the extent they claim confidentiality beyond that permitted by the Virginia Freedom of Information Act.

In the case of Supplier proprietary or trade secret information, Supplier must have followed the procedures required by Code § 2.2-4342(F) in order for the information to be protected from disclosure under the Virginia Freedom of Information Act.

35. INDEMNIFICATION

A. Indemnification Generally

Supplier shall defend, indemnify, and hold harmless all Commonwealth Indemnified Parties from and against any third-party Claims to the extent the Claims in any way relate to, arise out of, or result from:

For state agencies, the applicable laws include §§ 2.2-507, 2.2-510, and 2.2-514 of the Code.

C. Duty to Replace or Reimburse

In the event of a Claim pursuant to any actual or alleged infringement or misappropriation of any third party's intellectual property rights by any of the Supplier-provided products or services, or Supplier's performance, Supplier shall, at its expense and option, either (a) procure the right to continue use of such infringing products or services, or any components thereof; or (b) replace or modify the infringing products or services, or any components thereof, with non-infringing products or services satisfactory to VITA.

In the event that an Authorized User cannot use the affected Deliverable, Product, Licensed Services, or Services, including any Components, then Supplier shall reimburse such Authorized User for the reasonable costs incurred by such Authorized User in obtaining an alternative product or service.

D. Supplier Dispute of Obligation to Indemnify

If a Claim is commenced against any Commonwealth Indemnified Parties by a third party alleging an infringement of the third party's intellectual property rights and Supplier is of the opinion that the allegations in the third-party Claim, in whole or in part, are not covered by the indemnification provision in this Contract, then Supplier shall immediately notify VITA and the affected Authorized User(s) in writing of its opinion that it is not obligated to indemnify VITA or the affected Authorized User. Supplier shall, nonetheless, take all reasonable steps to protect the rights, remedies, and interests of the Commonwealth Indemnified Parties in the defense of the Claim, including to secure a continuance to permit VITA and the affected Authorized User(s) to appear and defend their interests in cooperation with Supplier as is appropriate, including any jurisdictional defenses VITA or the affected Authorized User(s) may have.

36. LIABILITY

A. Supplier Liability

Supplier agrees that it is fully responsible for all acts and omissions of Supplier Personnel, including their negligence, gross negligence, or willful misconduct, under this Contract.

To the extent permitted by law, Supplier's indemnification obligations and liability will not exceed, in aggregate, twice the value of the Contract. For purposes of this Contract, "value of the Contract" means the cumulative obligations under this Contract, including any orders, SOWs, or Change Orders thereto.

The limitations on liability set forth in this section will not apply to any liability arising from any combination of the following:

- i. any intentional or willful misconduct, fraud, or recklessness of Supplier or any Supplier Personnel; or
- ii. claims for bodily injury, including death, and damage to real property or tangible property resulting from the negligence of a Supplier or any Supplier Personnel.

37. INSURANCE

In addition to the insurance coverage required by law as referenced in the "Incorporated Contractual Provisions" section of this Contract below, Supplier shall carry:

Throughout the Contract Term, Supplier shall provide evidence of insurance and access to a copy of Supplier's policy documents upon request by VITA.

38. SECURITY COMPLIANCE

Supplier shall comply with all provisions of the then-current Commonwealth security policies, standards, and guidelines published by VITA and which may be found at: <https://www.vita.virginia.gov/policy--governance/policies-standards--guidelines/>, or any successor URL(s), as are pertinent to Supplier's operation. Further, Supplier shall comply with all applicable provisions of the relevant Authorized User's then-current security procedures as are pertinent to Supplier's operation and that have been provided to Supplier by the Authorized User. Supplier shall also comply with all applicable federal, state, and local laws and regulations, including those pertaining to information security and privacy.

Any unauthorized release of any Confidential Information, or Commonwealth proprietary or personal information, by the Supplier or Supplier Personnel constitutes a breach of Supplier's obligations under the Contract. Supplier shall notify VITA and any affected Authorized User within 24 hours of discovery of, or when Supplier should have discovered, any breach of "unencrypted" and "unredacted" personal information, as those terms are defined in Code § 18.2-186.6, and other confidential or personal identifying information provided to the Supplier by VITA or an Authorized User. To the extent permitted by law, Supplier shall provide VITA and any affected Authorized User the opportunity to participate in the investigation of the breach and to exercise control over reporting the unauthorized disclosure.

Supplier shall ensure performance of an audit of Supplier's environment at least annually to provide assurance of "Controls Relevant to Security, Availability, Processing Integrity, Confidentiality or Privacy" in accordance with the then-current standards set forth by the American Institute of CPAs.

Supplier shall indemnify, defend, and hold the Commonwealth, VITA, their officers, directors, employees and agents harmless from and against any and all Claims, including reasonable expenses suffered by, accrued against, or charged to or recoverable from the Commonwealth, VITA, their officers, directors, agents or employees, on account of the failure of Supplier to perform its obligations pursuant this section.

VITA reserves the right to review Supplier's information security program prior to the commencement of Licensed Services and at least once annually during the Term of this Contract. During the performance of the Licensed Services, and on an annual basis, VITA will be entitled, at its own expense, to perform, or to have performed, an on-site audit of Supplier's information security program. In lieu of an on-site audit, upon request by VITA, Supplier shall implement any reasonably required safeguards as identified by any program audit.

39. IMPORT/EXPORT

Supplier shall comply with all data export laws and regulations. In addition, VITA policy requires that any data deemed "restricted" or "sensitive" by either federal or state authorities, may only be collected, developed, analyzed, or otherwise used or obtained by persons or entities working within the continental United States.

40. ACCEPTABLE USE POLICY

VITA and Authorized User agree to abide by Supplier's Acceptable Use Policy ("AUP"), as amended by the parties hereby and incorporated as Exhibit J. Because certain standard clauses that may appear in, or be incorporated by reference into, Supplier's standard AUP cannot be accepted by VITA, and in consideration of the convenience of using that form, and this form, without the necessity of specifically negotiating a separate contract document, the parties hereto specifically agree that:

- i. In the event of a conflict between this Contract and the AUP, the Contract shall control;
- ii. In the event of a material, unilateral revision to the AUP by Supplier that substantially impairs the ability of VITA or any other public body from its lawful use of the Service, VITA shall have the option to (a) request that the revision be rescinded; or (b) request that the revision be waived as to VITA or other public bodies receiving Services under this Agreement;

If Supplier fails to grant a request by VITA per (a) or (b) above within 30 days of receiving the request, then VITA may, at its option, terminate this Contract, in whole or in part, or any order or SOW, in whole or in part, without termination liability; and

41. THIRD PARTY TERMS AND CONDITIONS

In the event that Supplier's provision of the Licensed Services or any performance obligations under the Contract, or any order or SOW issued under the Contract, include third-party terms and conditions, the Commonwealth security policies standards and guidelines referenced in this Contract above – i.e., SEC530 - will take precedence over any third party terms and conditions. For the purposes of statutory law as referenced and incorporated in this Contract, if there is any conflict with any third party terms, such statutory law will govern.

42. BANKRUPTCY

If Supplier becomes insolvent, takes any step leading to its cessation as a going concern, fails to pay its debts as they become due, or ceases business operations continuously for longer than 15 business days, then VITA may immediately terminate this Contract, and an Authorized User may terminate an order or SOW, on notice to Supplier unless Supplier immediately gives VITA or such Authorized User adequate assurance of the future performance of this Contract or the applicable order or SOW. If this Contract has not been otherwise terminated and bankruptcy proceedings are commenced with respect to Supplier, then VITA may suspend all further performance of this Contract until Supplier assumes this Contract and provides adequate assurance of its performance of Supplier's contractual obligations or rejects this Contract pursuant to Section 365 of the Bankruptcy Code or any similar or successor provision, it being agreed by VITA and Supplier that this is an executory contract. Any suspension of further performance by VITA or Authorized User pending Supplier's assumption or rejection will not be a breach of this Contract, and will not affect the rights of VITA or any Authorized User to pursue or enforce any of its rights under this Contract or otherwise.

43. GENERAL PROVISIONS

A. Relationship Between VITA and Authorized User and Supplier

Supplier has no authority to contract for, bind or commit to any agreement of any kind, or to assume any liabilities of any nature in the name of or on behalf of VITA or any Authorized User. Under no circumstances will Supplier, or any Supplier Personnel, hold itself out as or be considered an agent or an employee of VITA or any Authorized User, and neither VITA nor any Authorized User will have any duty to provide or maintain any insurance or other employee benefits on behalf of Supplier or any Supplier Personnel. Supplier represents and warrants that it is an independent contractor for purposes of federal, state, and local employment taxes, and agrees that neither VITA nor any Authorized User is responsible to collect or withhold for Supplier any federal, state, or local employment taxes, including, but not limited to, income tax withholding and social security contributions. - i. the Commonwealth, if the Authorized User is an agency as defined by Code § 2.2-2006 or a legislative, judicial and independent agency of the Commonwealth, board, commission, or other quasi-political entity of the Commonwealth of Virginia or other body referenced in Title 2.2 of the Code;
- ii. the applicable public body, if the Authorized User is a locality, municipality, school, school system, college, university, local board, local commission, or local quasi-political entity; or
- iii. the applicable private institution of higher education, if the Authorized User is a private institution of higher education listed at: <http://www.cicv.org/Our-Colleges/Profiles.aspx>.

C. Incorporated Contractual Provisions

In addition to the terms, conditions, and obligations of this Contract, Supplier agrees to the VITA "Mandatory Contract Terms" which consist of the VITA:

- "Core Contractual Terms";
- "Required eVA Terms and Conditions"; and
- "Mandatory Internal Revenue Service (IRS) Publication 1075 (required for FTI data only)"

Each of these Mandatory Contract Terms are set forth at the following URL and incorporated into this Contract by reference: <https://www.vita.virginia.gov/procurement/contracts/mandatory-contract-terms/>.

Supplier agrees that non-compliance with the above-referenced Mandatory Contract Terms and IRS Publication 1075—including Exhibit 7, "Safeguarding Contract Language" of IRS Publication 1075 which is attached to this Contract as Exhibit K and is incorporated by reference—may be deemed, solely by VITA, as a material breach of the applicable Order or SOW or of the Contract. Supplier is responsible for verifying the correct and current version of this IRS publication and related safeguarding terms language and acknowledges that any Authorized User issuing the Order or SOW will be held harmless.

The terms and conditions set forth in documents posted at the URL above, and any successor URL(s), are subject to change pursuant to action by the legislature of the Commonwealth, change in VITA policy, adoption of revised eVA business requirements, or change to IRS Publication 1075. If a change is made to any of the Mandatory Contract Terms documents, a new effective date will be noted in the applicable document title. Supplier is advised to check the URLs, or their successors, periodically.

D. Compliance with the Federal Lobbying Act

Further, Supplier warrants that it has not conferred any payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised, on any public employee having official responsibility for this procurement transaction, unless consideration of substantially equal or greater value was exchanged. In addition, Supplier warrants that it will notify VITA if it becomes aware of a potential conflict of interest in the future.

F. Governing Law

This Contract is governed by and will be construed in accordance with the laws of the Commonwealth of Virginia without regard to that body of law controlling choice of law. Pendency of claims will not delay payment of amounts agreed due in the final payment. The relevant public body shall render a final decision in writing within 30 calendar days after its receipt of the Supplier's written claim.

The Supplier may not invoke any available administrative procedure under the Code nor institute legal action prior to receipt of the decision of the relevant public body on the claim, unless that public body fails to render its decision within 30 calendar days. The decision of the relevant public body will be final and conclusive unless the Supplier, within six (6) months of the date of the final decision on the claim, invokes appropriate action under Code § 2.2-4364 or the administrative procedure authorized by Code § 2.2-4365.

In the event of any breach by a Commonwealth agency, Supplier's remedies will be limited to claims for damages and interest allowable under the Code and, if available and warranted, equitable relief. No Party will be responsible for the delay or failure to meet its obligations under this Contract if the delay or failure arises from causes beyond the reasonable control and without the fault or negligence of the obligated Party. If any performance date under this Contract is postponed or extended pursuant to this Section for longer than 30 calendar days, VITA, by written notice given during the postponement or extension, may terminate Supplier's right to render further performance after the effective date of termination without liability for that termination, and in

addition an Authorized User may terminate any order or SOW affected by such postponement or delay.

L. No Waiver
